In Unit Studies we are learning about the Needs of Living Things. In connection with this unit we will be going to Fort Whyte Center on October 11. **We go rain or shine and we are asked to have a garbage free lunch, so please bring all food in reusable containers.** We would like to have 2 volunteers for this field trip. If you can help out please e-mail me.

If you have any questions or concerns please e-mail me at

Thank you for remembering to send back the little books in the bookbags every day. I am sending 1 book home every day so please make sure your child reads it a few times. If the books are too easy just ask you child to pick out harder ones from the classroom library and they can take those home as well.

Our memory verse for September is Genesis 1:1 and 31a. "In the beginning God created the heavens and the earth. God saw all that he had made and it was very good."

I am video taping your child's Show and Tell and the students are posting many pictures of their work on Seesaw. If you would like grandparents or other relatives to be included you may give them the information and they will also be able to see your child's pictures.

We have started our tea parties at last recess. Each child has a party with me and then they will be able to pick another child in the class to have a tea party with. I will take a picture of the tea party so you can see when your child gets one.

## Library

**We have library on Thursday the 19th please return the books so your child can take out two more books.**

Mrs. J. Siepman
